Space Assignment

Surgical Summit exhibits are an extension of the continuing education program. To be accepted by EyeWorld, the products and services should be related to ophthalmic medical fields. Applications will be assigned space on a first-come, first serve basis. Exhibit space is limited; thus companies are limited to the exhibit tier they applied for. Requests for additional tabletop spaces in addition to what is included in the contracted exhibit tier will be reviewed on an individual basis.

Booth Space Guidelines

Exhibits are for dissemination information and displaying products that can easily fit within the allotted tabletop exhibit space. Display materials should be arranged in such a manner so as not to obstruct sight lines of neighboring exhibitors.

The maximum height of products and display material on the table may not exceed 7ft. Products and displays cannot wrap around to produce any type of sidewall. All exhibitors are required to keep their materials within their exhibit space. Portable, pop-up back walls are permitted in the back of booth space and are subject to placement approval.

YOU ARE REQUIRED TO NOTIFY THE EXHIBITS MANAGER IF YOU ARE BRINGING IN EQUIPMENT AND INCLUDE SIZE OF PACKAGING/CRATES/PALLETES

We will not provide storage for empty containers boxes. All containers and boxes not on display must be stored out of sight within the exhibitor's booth space. All exhibits are subject to review on-site and modification where necessary. Custom-built booth display are strictly prohibited.
